

HEPA / PRE FILTERS

HEPA filter

Technical Specification

- * Type: Box Type
- * Media: Ultra clean glass fibre paper
- * Casing: Epoxy powder coated
- * Gasket: Neoprene
- * Retention: 0.3 Micron
- * Efficiency: 99.97%

Applications

- * Clean rooms for micro component electronic manufacture & assembly
- * Pharmaceutical Processing
- * Aerospace Engineering
- * Genetic & Biological research
- * Biohazard Atmosphere
- * Laminar Flow Workstations
- * Bio Safe Hoods (Biological Safety Cabinets)
- * Hospital Operating Theatres & Intensive care units
- * Atomic Research
- * Pre filter stage to ULPA systems
